

# LOUD

## SNOWMOBILES Are Trails #1 Enemy

### LOUD SNOWMOBILES

- DO NOT have improved performance or go faster.
- Are obnoxious and illegal.
- Annoy landowners, the public and other snowmobile riders.
- Are a leading cause of lost snowmobile access and trail closures.

Snowmobile exhausts cannot be louder than the original exhaust system from the snowmobile's manufacturer—otherwise they are illegal in most states!

## Less Sound Protects Access!

U.S. Department of Transportation  
Federal Highway Administration
